

These General Terms and Conditions of Services for clinical trial phases (the "Terms") shall govern the relationship between CARBOGEN AMCIS INNOVATIONS AG or - as the case may be - any of its Affiliates, as defined hereinafter ("CGAM") on the one hand and its customer (the "Customer") on the other hand (Customer and CGAM also each a "Party" or collectively the "Parties"), especially for the provision of any development, synthesis, analytical purification, (pre-)formulation, lyophilisation, drug substance and drug product manufacturing, packaging, storage, stability or release testing, quality control or other related services (the "Services") as well as the delivery of any product(s), chemical(s), intermediate(s), substance(s) or compound(s) derived from the performance of the Services (the "Developed Work") by CGAM to the Customer. For the purpose of the Terms an "Affiliate" shall mean any company that directly or indirectly controls, is controlled by or under common control with either Party (as the case may be), where "control" shall mean the power, direct or indirect, to direct or cause the direction of the management and policies of such entity, whether by contract, through the ownership of a significant percentage of the shares of the respective company, or through the by-laws or otherwise. No terms and conditions contained in any document issued by the Customer shall be binding on CGAM, even if they have not been expressly rejected by CGAM. CGAM accepts Customer's service orders solely on these Terms which take precedence over Customer's different or additional terms and conditions. Neither CGAM's commencement of performance nor delivery shall constitute acceptance of Customer's different or additional terms and conditions. CGAM's failure to object to provisions contained in any document from Customer shall not be construed as waiver of the Terms or an acceptance of any such provision.

## 1 Principles of Performance of the Services; General Obligations

- 1.1 Upon receipt of Customer's request to perform certain services, CGAM will as soon as practicable and in its sole discretion prepare a proposal - describing the understanding of the Services Customer asks CGAM to provide, including the estimated Service Fee (as defined below) and estimated timelines or cycle times - for the Services (the "Proposal"; of which these Terms form an integral part of). If Customer intends to entrust CGAM with the Services described in such Proposal it shall acknowledge them in writing; this Proposal shall become a binding service order upon the acceptance thereof by CGAM in writing. The service order acknowledged by Customer and accepted by CGAM and the Terms as integral part thereof constitute the binding agreement between the Parties regarding the Services (the "Agreement"). For the avoidance of any doubt, CGAM shall not be obliged to perform any Services if it has - in its sole discretion - not accepted the service order in writing.
- 1.2 Both Parties shall always cooperate, communicate and act diligently and in good faith to ensure the proper performance of the Agreement. CGAM undertakes to make commercially reasonable effort to implement requested amendments to the Agreement but reserves the right to adjust

the Service Fee and estimated term accordingly. CGAM shall promptly notify Customer of any unanticipated adverse effect or any adverse event that becomes known to it occurring during the performance of the Agreement.

- 1.3 Customer has the obligation to always render all necessary support reasonably requested by CGAM to enable a proper performance of the Agreement, such as, but not limited to, taking and notifying decisions, accepting or declining requests, giving or refusing consents, submitting necessary technical information known to it, etc.
- 1.4 The day-to-day management of the Agreement shall be the responsibility of Customer's project leader and CGAM's project leader. The Customer's project leader shall be the ultimate authority with respect to all Agreement related issues and decisions on behalf of the Customer and hence shall be assumed to have all necessary authority and power to take any and all actions on behalf of Customer with respect to such issues and decisions. The project leaders shall be responsible for planning, managing, directing and overseeing specific activities regarding the Agreement.
- 1.5 Any goods, materials, substances, information, processes, instructions, technology, etc. that Customer provides to CGAM for the performance of the Agreement (the "Customer Materials") shall be free of any third party rights, of appropriate quality and, as required by normal practice, shall be certified or approved in accordance with the applicable standards as well as in full compliance with the registered specifications and with all necessary documentation. Further Customer is responsible for ensuring that Customer Materials are provided in time for the Services to commence or be continued as planned.
- 1.6 Customer also has a responsibility to provide CGAM with any documentation or knowledge in his possession pertaining to risks associated with the Customer Materials and the performance of the Agreement. This includes material safety data sheets for raw materials, intermediates and final product, chemical and operational hazard assessments and materials compatibilities. Failure to comply with this obligation may result in Customer's liability for any damage or personal injury caused by such Customer Materials, for which event Customer shall be sufficiently insured.
- 1.7 Subject to Section 14.5 and the last sentence of this paragraph, in case of any discrepancies between the provisions of the Terms with any other documents, the Terms shall take precedence over all and any such documents; provided, however, that such documents do not expressly modify, amend or supersede a specific Section of the Terms with the express reference to such Section being modified, amended or superseded. The "Quality Agreement" and/or "Technical Agreement" being the agreement(s) concluded by the Parties, governing the responsibilities related to quality systems, quality requirements, quality control, testing, Reports (as defined below), audits, complaints, inspections and release for the Developed Work; as incorporated herein by reference and part hereof (if any) shall take precedence in all matters regarding the GMP responsibilities of the Parties and the standard of quality of the Services (cf. Section 5.2).

## 2 CGAM's Specific Obligations

- 2.1 As the Parties consider the Services as of an experimental and development nature, CGAM cannot and does not guarantee the achievement of any specific or particular result or outcome nor guarantee completing thereof to or within a defined time- or deadline.
- 2.2 CGAM's main obligation under this Agreement shall be to use its best endeavours and to work diligently and in good faith in providing the Services within the agreed time slots, always using the agreed quality standards (cf. Section 5) and all standards reasonably to be expected from a first-

class provider of similar services in similar circumstances and in compliance with the Agreement, the Quality Agreement or Technical Agreement (if any) and all applicable laws at the place of performance thereof.

- 2.3 CGAM shall reserve time slots, infrastructure and qualified personnel to perform the Services as agreed in the Agreement.
- 2.4 The personnel that CGAM causes to be applied in the performance of the Agreement shall be appropriately qualified and experienced for the tasks that they are to perform.
- 2.5 Any machinery and equipment that CGAM provides or utilises in the performance of the Agreement shall be of an appropriate quality and, as required by normal practice, be certified and approved by the relevant body or organisation.
- 2.6 CGAM shall have and maintain, at its own cost, any and all licenses, permits and other authorisations, which are required for its performance of the Agreement. However, at its cost, Customer shall provide to CGAM such cooperation and assistance as is reasonably required by CGAM to comply with this provision.
- 2.7 CGAM shall not be liable for any raw material supply issues beyond its direct control. The impact of any raw material related quality or delivery issues shall be discussed in good faith between Customer and CGAM and the Agreement revised accordingly.

## 3 Subcontracting

- 3.1 CGAM reserves the right to perform any Services or parts thereof at any of its Affiliates.
- 3.2 As specified in the Proposal, CGAM routinely uses certain external suppliers for specialist work, which it is not able to provide by itself, and Customer hereby agrees their use under this Agreement.
- 3.3 Subcontracting in all the other cases shall require prior written consent of Customer, which consent shall not be withheld or delayed unreasonably.

## 4 Service Fee; payment

- 4.1 For the payment of the agreed upon consideration payable to CGAM by Customer for the provision of the Services (the "Service Fee") the following payment schedule shall apply:
  - (a) initial payment of forty (40) percent of the total Service Fee upon acceptance of the service order by CGAM and prior to commencement of the performance of the Services;
  - (b) an additional fifty (50) percent of the total Service Fee upon completion of the Services (except for the issuance of the (draft) Report); and
  - (c) the remaining ten (10) percent of the total Service Fee on delivery of the draft of the written description of the performed Services (the "Report").
- 4.2 All Developed Work is supplied CPT (Carriage Paid To; as defined in Incoterms 2020) to the place of destination as specified in the Agreement; except for Developed Work performed at the CGAM site in Riom, France, which is supplied EXW (Ex Works) as defined in Incoterms 2020.
- 4.3 Any amount, weight, quantity, etc. of Developed Work will be measured or weighed at the departure point.

- 4.4 The Service Fee does not include any state or local taxes, duties, governmental or similar charges, VAT, customs duties or any additional costs (such as but not limited to insurance costs, etc.). Any such costs will additionally be charged to Customer.
- 4.5 Costs for disposal of any Developed Work, Customer Materials or unused raw materials are not included in the Service Fee. Such costs will therefore additionally be charged to Customer.
- 4.6 Third party costs for specialist work by external suppliers are not included in the Service Fee and will therefore additionally be charged to Customer. Any such costs listed in the Agreement are non-binding best estimates only.
- 4.7 CGAM will store and insure the Developed Work to be delivered to Customer free of charge for a period of thirty (30) calendar days following the date of release. For any storage and insurance exceeding this period of time a separate storage agreement shall be concluded. The same shall be applicable for the storage and insurance of Developed Work, Customer Materials or raw materials in case of postponement of the delivery date or the project at Customer's request. CGAM shall not dispose of any Developed Work, Customer Materials or raw materials without the Customer's written approval, which shall not unreasonably be withheld or delayed.
- 4.8 Prices for raw materials are not included in the Service Fee and will therefore be charged to Customer at cost plus a reasonable handling and insurance fee; based on the specifications, quality standard and origin defined in the Agreement. Any such costs listed in the Agreement are non-binding estimates only.
- 4.9 Invoices are payable within (30) thirty calendar days of the invoice date. All late payments will, without further notification, be charged with interest for late payment calculated on a daily basis from the due date until full payment at the rate of LIBOR (3 months) in the owed currency plus ten (10) per cent per year. Customer shall not be entitled to withhold payments even in case of a dispute with CGAM.

## 5 Quality

- 5.1 The appropriate level of quality for the specific Services (GMP, non GMP, etc.) will be defined in the Agreement.
- 5.2 If not defined in the Agreement, the responsibilities related to quality systems, quality requirements, quality control, testing and manufacturing records, audits, complaints, inspections and release of Developed Work shall be governed by a separate Quality Agreement or Technical Agreement.

## 6 Audit

- 6.1 Unless agreed otherwise in a Quality Agreement or Technical Agreement, Customer shall have the right, once (1) every second calendar year, during normal business hours and upon a reasonable prior written notice of at least ninety (90) calendar days, to have two (2) employees or representatives conduct an audit of CGAM, to ensure proper performance by CGAM of its obligations; provided, however, that such audits shall not unreasonably interfere with the operations of CGAM. In addition to the above, Customer shall have the right to conduct such audits at any time during normal business hours if - upon Customer's reasonable belief - CGAM has breached or is presently going to breach any of its obligations under this Agreement. For the avoidance of any doubt, Customer shall have no right to audit CGAM's financial books or records.

- 6.2** In the event the audit under Section 6.1 exceeds two (2) business days (“Business Day” shall mean any day(s) that is/are not a Saturday, a Sunday or a public bank holiday pursuant to applicable law at the place where either CGAM or Customer has its registered address, as the case may be), CGAM shall have the right to charge Customer a per diem rate of up to CHF 10’000 (ten thousand Swiss francs), which shall include reasonable access to CGAM’s qualified and experienced employees. Such per diem rate is being waived if such audit was caused by CGAM’s breach of the Agreement.
- 6.3** CGAM shall without delay - if legally possible - inform Customer of any inspection conducted by any governmental body, if such inspection includes, directly or indirectly, the Services, Developed Work or Customer Materials.

## 7 CGAM’s Warranties

- 7.1** 1.1 CGAM warrants that the Services provided and Developed Work delivered to the Customer shall conform to the specifications agreed between CGAM and Customer in the Agreement at the time they are released by CGAM.
- 7.2** CGAM certifies that the Services are provided in compliance with the Agreement, the applicable laws at the place of performance and with the agreed upon quality standards. CGAM assumes no responsibility or liability for compliance with any other laws.
- 7.3** In providing Services pursuant to this Agreement, CGAM shall not knowingly utilise technology or incorporate into any Developed Work or Services any technology which it knows to infringe any valid and enforceable Intellectual Property Right of a third party. Except as provided in the preceding sentence, CGAM makes no warranty or representation that the use of Services or the delivered Developed Work will not infringe the rights of third parties. For the purpose of the Terms “Intellectual Property Right” shall mean any and all intellectual property rights if registered or not (including patents, trade secrets, trademarks, general know-how, processes, etc.).
- 7.4** The express warranties provided above in this Section 7 are the only warranties applicable to the Developed Work and Services whether used alone or in combination with any other material or services. CGAM expressly excludes all other express oral or written warranties and all warranties implied by law with respect to the Developed Work or Services, including any warranties of merchantability or fitness for a particular purpose.

## 8 Customer’s Representations and Use of Developed Work

- 8.1** Customer acknowledges that the Developed Work have not been tested by CGAM for safety and efficacy in food, drug, device, cosmetic, commercial or any other use. Customer expressly represents and warrants to CGAM that it will properly test, use, manufacture and market any Developed Work delivered by CGAM and any final articles made from them in accordance with the practices of a reasonable person who is an expert in the field and in strict compliance with all applicable laws and regulations now and hereinafter enacted.
- 8.2** Customer has the responsibility to verify the hazards and to conduct any further research necessary to assess the hazards involved in using Developed Work or Services delivered by CGAM. Customer also has the duty to warn Customer’s customers and any auxiliary personnel (such as freight handlers, etc.) of any risks involved in using or handling the Developed Work. Customer shall comply with instructions, if any, furnished by CGAM relating to the use of the Developed Work or Services and not misuse the Developed Work or Services in any manner.

- 8.3 Customer hereby represents and warrants that the use of the Customer Materials by CGAM will not infringe or violate any Intellectual Property Right or any other proprietary rights of any third party. Customer agrees to be fully liable towards CGAM for any damages resulting from any such infringement and to fully indemnify and hold harmless CGAM in this regard.

## 9 Transfer of Ownership (Title) and Risk; Delivery; Acceptance

- 9.1 CGAM retains ownership of all Developed Work supplied and all Inventions (as defined in 13.3) until it has been paid for in full. If the supplied Developed Work which is not paid for in full are converted into new products or combined with other products, then CGAM's proprietary rights shall be regarded as continuing to exist in the combined product. Consequently, CGAM shall be entitled to that proportion of the proceeds of sale of such combined products as equates to the amount then owing by Customer to CGAM.

- 9.2 Delivery times of CGAM shall not be regarded as binding, and delays of anticipated delivery shall not entitle Customer to claim damages resulting from any such delay.

- 9.3 Immediately upon Customer's receipt of any Developed Work or Services, Customer shall diligently examine any such Developed Work or Services within a reasonable period after delivery thereof. Notice of all claims arising out of non-compliance with the agreed specifications or deliverables or any shortages or defects of delivered Developed Work or Services (any of the before a "Non-Compliance" or "Non-Compliant"), shall be given in writing to CGAM within ten (10) Business Days after delivery. With respect to any Non-Compliance, which would not be apparent from a reasonable visual inspection on delivery, and, in case of any hidden or latent Non-Compliance, notice of such claim shall be made not later than ten (10) Business Days from the time Customer discovers or should have discovered the relevant Non-Compliance, however in no event later than (i) within sixty (60) Business Days after the date of delivery, or (ii) the expiry of the shelf life of the Developed Work; whatever is shorter. Any claim not being made in the above timelines shall be deemed waived and CGAM shall have no liability whatsoever.

- 9.4 If CGAM disputes the claim of Non-Compliance from Customer, the Parties shall investigate all reports of Non-Compliance with the intent of overcoming such dispute. The Parties shall act promptly and shall cooperate fully in such investigations. If the Parties do not reach an agreement, then CGAM and Customer shall (each acting reasonably and in good faith) mutually elect an independent third party laboratory (acting as an expert and not an arbitrator) to determine if the Developed Work or Services are Non-Compliant and make a determination regarding the cause of the Non-Compliance. Such results shall be binding upon both Parties (except for manifest errors). The cost of the testing and evaluation by the expert shall be borne by the Party being wrong.

## 10 Liability and Remedies; Limitation of Liability

- 10.1 CGAM shall have the right to remedy any Non-Compliance, which is attributable to CGAM, within a reasonable period of time taking into account CGAM's available manufacturing capacities, failing which Customer shall be entitled to the remedies of Section 10.2.

- 10.2 CGAM's sole and exclusive liability and Customer's exclusive remedy with respect to Non-Compliant Developed Work, which is attributed to CGAM shall either be replacement of such Non-Compliant Developed Work without charge or a reduction or refund of the Service Fee determined by having due regard to the nature of the defect (all exclusive of the costs for any raw materials or Customer Materials), at CGAM's sole discretion. Any further claims of whatever nature (e.g. damages, compensations, etc.) are herewith expressly excluded.

- 10.3** UNLESS IN CASE OF GROSS NEGLIGENCE OR WILLFUL MISCONDUCT CGAM'S OVERALL LIABILITY (INCLUDING INDEMNIFICATION OBLIGATION PURSUANT TO SECTION 11) UNDER THIS AGREEMENT SHALL NOT EXCEED (i) THE AGGREGATE SERVICE FEE PAID BY THE CUSTOMER TO CGAM (EXCLUDING ANY THIRD PARTY COSTS, COSTS FOR RAW MATERIALS OR CUSTOMER MATERIALS) UNDER THE RELEVANT SERVICE ORDER IN THE YEAR THE CLAIM WAS BROUGHT AGAINST CGAM OR (ii) THE AMOUNT CONFIRMED TO BE PAID BY THE LIABLE PARTY'S INSURANCE COMPANY, WHATEVER IS LOWER.
- 10.4** NEITHER PARTY SHALL BE LIABLE FOR ANY SPECIAL, CONSEQUENTIAL LOSSES AND DAMAGES, PUNITIVE DAMAGES, ANTICIPATED OR LOST PROFITS, BUSINESS INTERRUPTION, INCIDENTAL DAMAGES, LOSS OF TIME, OR OTHER SIMILAR LOSSES IN CONNECTION WITH THIS AGREEMENT.

## 11 Indemnification

- 11.1** Subject to the limitation in 10.4, each Party shall indemnify (the "Indemnitor") the other Party (the "Indemnitee") from and against all losses and claims (including reasonable legal fees and other costs of defending any action) arising or resulting from any claim, action, suit, proceeding or charge brought by a third party (each a "Third Party Claim") made against the Indemnitee with respect to death or personal injury in direct connection with this Agreement; provided, however such Third Party Claim arises as a result of the gross negligence or intentional misconduct of the Indemnitor.
- 11.2** Subject to the limitation in 10.4, Customer shall indemnify CGAM from and against all losses and claims (including reasonable legal fees and other costs of defending any action) that CGAM incurs as a result of any Third Party Claim against CGAM or its Affiliates relating to or in connection with Customer's (its officers', agents', employees', successors', subcontractors', assigns' or Affiliates'), use, commercialisation, sale or transfer of the Services or Goods delivered by CGAM, or by reason of Customer's breach of the Agreement. The indemnification obligations under this Section 11.2 shall not apply to the extent that any such Third Party Claim is the result of the gross negligence or intentional misconduct by CGAM.
- 11.3** Subject to the limitation in 10.4, CGAM shall indemnify Customer from and against all losses and claims (including reasonable legal fees and other costs of defending any action) that Customer incurs as a result of any Third Party Claim against Customer or its Affiliates relating to or in connection with CARBOGEN AMCIS' (its officers', agents', employees', successors', subcontractors', assigns' or Affiliates') breach of the Agreement. The indemnification obligations under this Section 11.3 shall not apply to the extent that any such Third Party Claim is the result of the gross negligence or intentional misconduct by Customer.
- 11.4** The Indemnitee hereunder agrees to give prompt written notice to the Indemnitor after the receipt of any written notice of any Third Party Claim, investigation or threat thereof, for which Indemnitee will claim indemnification pursuant to this Agreement and cooperate fully with the Indemnitor in conducting such defence. Unless, in the reasonable judgment of the Indemnitee, a conflict of interest may exist between the Indemnitee and the Indemnitor with respect to a Third Party Claim, the Indemnitor may assume the defence of such claim. The failure to deliver written notice to the Indemnitor within a reasonable time after the commencement of any such action, to the extent prejudicial to its ability to defend such action, shall relieve the Indemnitor of any obligation to the Indemnitee under this Section.
- 11.5** No compromise or settlement of any Third Party Claim may be effected by the Indemnitee without the Indemnitor's written consent (which consent shall not be unreasonably withheld or delayed).

## 12 Insurance

Each Party shall have and maintain the insurance coverage that is required by applicable law. Each Party may self-insure its liabilities under the Agreement and shall otherwise maintain such insurance as it, in its sole discretion, deems appropriate and necessary.

## 13 Intellectual Property

- 13.1** All information and all right or access to Customer's Intellectual Property Rights, which Customer provides to CGAM in connection with the Agreement and all information related to Customer, its business or its products or developmental products shall be and remain the property of, or under the control of, Customer and shall be treated as confidential pursuant to Section 14. CGAM shall have a non-exclusive, non-transferable, non-assignable, royalty-free license to use any and all Customer's Confidential Information and Customer's Intellectual Property Rights provided hereunder, solely for the purpose of performing its obligations under the Agreement.
- 13.2** Any and all Intellectual Property Rights owned or controlled by CGAM at the commencement of the Agreement or acquired or developed thereafter, provided, however, they are not Inventions (as defined in 13.3), including any improvements thereof (the "Background-IP") shall be and remain CGAM's property.
- 13.3** Any and all results of the Services, research, analysis, Reports, data, laboratory records, samples, Developed Work, formulas, processes, techniques, compounds, compositions, improvements to Customer's Intellectual Property Rights, inventions of Intellectual Property Rights and the like generated in the performance of the Agreement (the "Inventions") shall become Customer's property and title of such Inventions will transfer to Customer upon full payment of the Service Fee.
- 13.4** Contingent to the full payment of the Service Fee, CGAM hereby assigns all rights, title and interests in Inventions to Customer, which shall, at its expense, have sole control of patent application filing and prosecution and CGAM shall assist Customer in every reasonable way (including filing of patent applications and execution of assignments and other documents) to obtain, maintain and enforce patents for Inventions. Customer will compensate CGAM at reasonable rates for the assistance CGAM provides.
- 13.5** Generally, CGAM shall not without a special/separate license agreement being in place with the Customer incorporate Background-IP into the Developed Work or Services. In case any Background-IP is nevertheless incorporated into the Developed Work or Services without such license agreement being in place, then CGAM hereby automatically grants to Customer a non-exclusive, worldwide, irrevocable, transferable, royalty-free and perpetual license (with the right to grant sublicenses) to use such Background-IP to the extent that Customer requires to make use of the Developed Work and Services and to use and exploit the Inventions (including any Intellectual Property Rights therein or relating thereto).

## 14 Confidentiality

- 14.1** Subject to Section 14.2, neither Party shall disclose to any third party (a) any information or materials (of whatever kind and in whatever form or medium) disclosed by or on behalf of the owner (the "Disclosing Party") to the other Party or its designee (the "Receiving Party"), in connection with the Agreement, identified as confidential or reasonably understood to be so, whether prior to or during the term of the Agreement and whether provided orally or visually

Each Party agrees to use and utilise Confidential Information solely for the performance of the Agreement and to treat the Disclosing Party's Confidential Information with the same degree of care as it uses for its own confidential information at least using reasonable care. Each Party agrees to limit its internal dissemination of Confidential Information to only those employees, officers, consultants, authorised agents, Affiliates and subcontractors who have a need to know the Confidential Information for the performance of the Agreement and who are contractually bound by restrictions of disclosure and use at least as onerous as those in this Section 14.

- 14.2** Confidential Information falling within one of the following exceptions shall not be subject to the restrictions of Section 14.1: (a) to the extent permitted by the Disclosing Party's written consent; (b) to the extent Receiving Party can prove that Confidential Information is public knowledge or, after disclosure hereunder, becomes public knowledge through no fault of the Receiving Party; (c) to the extent Confidential Information can be shown by Receiving Party to have been in Receiving Party's possession or control prior to the date of disclosure hereunder; (d) to the extent Receiving Party can establish that Confidential Information was received from any third party, which, by Receiving Party's reasonable judgment, did not breach any restrictions of disclosure; (e) to the extent Receiving Party can establish that the Confidential Information was independently developed or discovered by itself without reference to Disclosing Party's Confidential Information; or (f) to the extent Receiving Party can establish that it is required by law, regulation, subpoena, judgment, order or other similar form of process to disclose Confidential Information to a government, other public authority or third party, provided however that Receiving Party immediately upon learning of such obligation, and prior to disclosure, if lawfully possible, notifies Disclosing Party of such disclosure obligation and reasonably cooperates with Disclosing Party in limiting the scope of disclosure, if lawfully possible
- 14.3** If Receiving Party becomes aware of any unauthorised use, disclosure, access, possession or knowledge of Disclosing Party's Confidential Information, it shall immediately notify Disclosing Party and take all reasonable steps requested by Disclosing Party to protect the confidentiality of such Confidential Information.
- 14.4** At Disclosing Party's written request, Receiving Party shall return or destroy all Confidential Information of Disclosing Party. However, Receiving Party may retain one (1) copy of all such Confidential Information in its legal records for the purposes of ensuring compliance with the Agreement and Receiving Party may keep such copies that may have been generated by automatic back-up systems.
- 14.5** In case of any discrepancies between these provisions and those contained in a separate confidential disclosure agreement concluded between Customer and CGAM, the provision of such confidential disclosure agreement shall prevail.

## 15 Force Majeure

- 15.1** Except for payment obligations, neither Party shall be held liable for any failure in performance of any part of the Agreement or any breach of contract resulting from force majeure events, including but not limited to fire, flood, explosion, war, strike, embargo, shortages, acts of God, terrorism, riots, epidemics, pandemics or similar causes. If a Party is affected by an event of force majeure, it will forthwith notify the other Party of the nature and extent of such force majeure

event and the Parties will enter into bona fide discussions with a view to alleviating its effects and to agreeing such alternative arrangements as may be fair, reasonable and practicable. The Party affected by a force majeure event is under obligation to give full particulars thereof and to use its best efforts to minimize the effect of occurrence and to take the necessary remedial measures.

- 15.2** If as a result of force majeure events, performance of the Agreement, in whole or material parts thereof, is suspended for more than 120 (hundred twenty) consecutive calendar days or 180 (hundred eighty) calendar days in any single 12 (twelve) month period, either Party shall have the right to terminate the Agreement and/or any affected Agreement by giving written notice to that effect to the other Party.

## 16 General Provisions

- 16.1** No course of dealing or failure of either Party to strictly enforce any term, right or condition shall be construed as a waiver of that term, right or condition.
- 16.2** Should one of the provisions of the Agreement or of any additional stipulations agreed upon be or become invalid, the validity of the remaining conditions and stipulations shall not be affected thereby. Parties shall use their best endeavours to replace the invalid provisions with a valid provision with respect to the same subject matter.
- 16.3** This Agreement constitutes the entire agreement and understandings (oral and written) between the Parties relating to the subject matter hereof and supersede all previous oral and written communications between the Parties with respect hereof.
